SIZE CHART

HOW TO MEASURE:

For best results, DO NOT have person take his or her own measurements. Have person stand straight, wearing best fitting undergarments and if preferred, clothing that follows the body's contour. Hold tape measure so that it is straight, snug and lies smoothly, but doesn't indent body.

MEN	How to Measure	WOMEN
Stand without shoes against a wall. Place a ruler across top of head to wall. Measure from that point down to floor.	1 Height	Stand without shoes against a wall. Place a ruler across top of head to wall. Measure from that point down to floor.
Measure across shoulder blades, under arms, and across chest.	2 Chest/Bust	Measure around fullest part of bust over normal bra. This is not a bra size.
Measure around smallest part of natural waist.	3 Waist	Measure around smallest part of natural waist.
Measure around fullest part of seat	4 Seat/Hips	Measure around fullest part of hips.
Wearing well fitted pant of the same type, measure along the outer seam to the bottom of leg.	5 Out Seam	Wearing well fitted pant of the same type, Measure along the outer seam from top of waistband to the bottom of leg.
Bend elbow. Measure from center of back of neck, across the shoulder, around point of elbow to wristbone.	6	Sleeve (men only)
